

Help the fight against COVID-19

Has your clinician said you are likely to have a COVID-19 infection?

Or do you have these symptoms?

Continuous or persistent cough

High temperature

Are you aged 50 to 64 with any of these illnesses?

High blood pressure and/or heart disease

Diabetes not treated with insulin

Asthma or lung disease

Stroke or neurological problems

Weakened immune system due to serious illness or medication (e.g. chemotherapy).

Liver disease

Or aged 65 and above with or without other illnesses?

Then you could be eligible to join the PRINCIPLE trial and help the fight against COVID-19.

The PRINCIPLE trial aims to rapidly evaluate different treatments which could reduce the need for hospitalisation and improve symptoms in patients with COVID-19.
